DOWNLIGHT FITTING

2 | GU10 DOWNLIGHT FITTINGS OPTIC CHOICES

The face ring—the visible contour of a downlight—serves not only as a functional component but also as a defining element of interior style. Its refined matte finish harmonizes effortlessly with modern minimalist décor, blending seamlessly into the ceiling while allowing the light itself to take center stage.

Downlight Face Ring: Illuminating with Elegance

- Designed to unite form and function, each face ring and fitting ensures precise recessed installation while elevating the aesthetic appeal of your space. Every detail is crafted to offer both stability and style, providing a perfect balance between engineering precision and timeless design.
- Available in a variety of styles, these fittings complement diverse interiors—each one enhancing your lighting experience with subtle sophistication and enduring beauty.

RECESSED GYPSUM LIGHTS

FRAMELESS SERIES

Seamlessly merging with the ceiling, The Frameless Series creates a “light visible, fixture invisible” effect—an embodiment of understated luxury and architectural purity. The result is illumination that feels natural and effortless, transforming the ceiling into a canvas of light. Every detail is designed for flawless integration and visual harmony, ensuring that the light enhances the ambience while the fixture itself remains elegantly unseen.

Dual Anti-Glare Design

Curved Surface + Deep Recessed Anti-Glare
for Better Eye Protection.

After installation,
the gypsum light blends seamlessly with the ceiling.
